

Supporting the Closet Design Industry!

Closet Prep & Paint fills the gap between design and installation. We support all closet design companies and take great pride in the referrals we receive from designers.

***Need Some Extra Cash - Check Out Our Referral Program?
Refer us as many times as you like - There's no limit!***

Benefits!

Earn a 10% commission on the net sale of all referrals including repeat business
(say your client used us to prep their closet then later called to get a room painted but you did not know. You will automatically receive a commission on the job)

List your name, number, bio, and photo on our website – FREE OF CHARGE

Increase company productivity and save installers time

Offer your clients a referral to a service they need as part of their project

Increase your professionalism and earn your clients trust

How To Participate!

Call 571-278-8724 or email teressa@closetpreandpaint.com to register

Provide your name, address, phone, email & company you're with and you'll be entered in our database

If you are a new designer and not currently in our database, you will receive a \$15 gift card and welcome package in the mail with business cards and coupons for your clients to enter to win 50% off their job

When your client schedules a tear out with us, we mail you a check for 10% of the net sale – AUTOMATICALLY within 5 days of the completion of the job

How To List Your Bio On Our Site!

E-mail teressa@closetpreandpaint.com

Provide your name, phone, email (optional), a bio on yourself and a photo of yourself (optional) – and your information will be posted to our site – Free for a limited time!

Benefits to Your Clients?

Superior service at an unbeatable price

Eliminate the hassle of doing the job themselves

A chance to win 50% off their job (details on coupons and website)

Tear out scheduled 1-2 days prior to installation

A professional company that is good for their word

A referral from someone they trust

How To Obtain Quotes.

Your Client Can Call Us For A Quote.

We ask, what company they are working with and who is their designer? They are entered into our database and linked to the name of the referring designer. We gather information about the job requirements and provide them a quote over the phone or schedule a time to see the job, if it is something out of the ordinary. If they already have an installation date from you, we schedule the tear out 1-2 days prior to installation.

You Can Call Us And Provide A One Stop Shop For Your Clients.

You can call to obtain a quote for your client, if you prefer! Your clients will love this because they feel they are receiving full service treatment. Clients love when you go the extra mile for them. Since you have already measured the space, you know the dimensions and what is there currently.

What You Will Need To Know!

Client name, address, phone and e-mail (if you have it).

What is the existing system? For example...

Wall "A" has two double rods with shelf above, wall "B" has 5 shelves.

Is it wire or wood?

Do they want the ceiling painted?

What height is the ceiling?

Do they want base or crown molding painted?

How To Contact Us.

To receive a quote by phone - call 571-278-8724 with the above information
(don't worry if you don't have it all – dimensions and what's existing is most important)

To receive a quote by e-mail – scan your drawing into your computer and e-mail it to teressa@closetpreandpaint.com . I can then e-mail the quote to you or your client.

To receive a quote by internet – visit www.closetpreandpaint.com and click on "Contact Us" at the top of the page. In the message box - enter your clients name, address, phone and e-mail (if you have it), the dimensions of each space and what's existing. I can then e-mail the quote to you or your client.

How To Sell Our Services To Your Clients!

Please make sure you give out our business card and 50% off coupon on every appointment. Explain to your client that even if their job with you does not require any tear out (for instance, you are designing a wall unit or office unit) they can still enter to win 50% off any work they have us do and they have three months to complete the work if they win!

We do more than just tear out closets and pantries. We paint home interiors, take down walls and bulkheads, paint garage walls and concrete floors - to see a complete list, click on the "Services Provided" link on our website at www.closetpreandpaint.com !

Details on our 50% off promotion.

As shown on the coupon, your client will e-mail us at: teressa@closetpreandpaint.com, with their name, address and phone #. Each coupon is preprinted with your name and what company

you work for. A new supply will be mailed to each designer every month. The drawing will be held on the 1st business day of every month and the winner will be notified the same day by e-mail. If the winner's work is completed, a check for 50% of their job will be mailed automatically, within 5 days of the drawing or a credit issued for any balance due, if work is not yet completed. There is a maximum order of \$2,000 and every client must include the coupon with their signed contract with Closet Prep & Paint. The winner will have 3 months from the time their name was drawn to complete the job. **Coupons will expire at the end of each month and clients may only enter once. When the coupon expires, clients will no longer be able to submit their name for the drawing. If you have left over coupons at the end of the month, you can change the expiration date to the following month (although you will receive a new package in the mail as well). If you run out of coupons, contact teressa@closetpreppaint.com and more will be mailed to you.**

Designer Training!

Closets and Pantries. Say you're designing a walk in closet that has a major tear out including a stack of wood shelves and two hanging rods. You could say... Let's talk a minute about your existing system and how to prepare your walls ahead of time. All these shelves and rods need to be removed from the wall which causes allot of damage to your drywall, and is very time consuming to do yourself. To achieve the best finished look for your space, the walls really need to be spackled, sanded, and painted before we install your new custom closet. You just won't be happy with me or your new closet if you don't prepare the walls ahead of time. We work with a company that specializes in preparing closets and you can enter to win 50% off the work. I'll give you their card. All you need to do to enter, is send them an e-mail with your information. Details are attached to their business card and you have three months to complete the work if you win. They schedule your tear out 1-2 days prior to installation, remove existing rods and shelves, spackle, sand, paint and haul away the debris in just one day so your clothes are not all over the house for weeks. They come highly recommended by our other clients who say they show up on time and complete the work on time, for the price quoted.

Offices. Say you're designing a home office and their walls are fine. You could say...by the way, your walls look fine, but we work with a company that supports the closet industry. If you have a need for any of their services, you can enter to win 50% off the work. I'll give you their card. All you need to do to enter, is send them an e-mail with your information. Details are attached to their business card and you have three months to complete your work if you win. They come highly recommended by our other clients who say they show up on time and complete the work on time, for the price quoted.

Garages.

Garages with no drywall. You could say... Let's talk a minute about what could be done to prepare your walls prior to installation. Our systems work best when you have drywall. Hanging drywall is difficult and very time consuming to do yourself. To achieve the best finished look for your space, the walls really need to be prepared before we install your new custom garage system. You just won't be happy with me or your new garage if you don't prepare the walls ahead of time. We work with a company that specializes in preparing spaces for the closet industry, and you can enter to win 50% off

the work. I'll give you their card. All you need to do to enter, is send them an e-mail with your information.
